Dear Kayleigh,

Attached please find our comment sheet on the above referenced project. In addition to the comments on the sheet, we are also concerned about their additional run-off coming onto our property due to the impervious nature of this project. Thank you for your consideration.

Comments:

We bought this property for future residential use. Having a commercial rental business w/high fences, lights (24hr) & high rate of people in & out would definitely interfere with our rights for peace & quiet & privacy in what is now a rural neighborhood. And would be a detrimental use to our persons & property.
